

Cherishing Sidmouth Cemeteries – RAG Report for STC Environment Cttee – 16th March 2026

CHERISHING SIDMOUTH CEMETERIES

MANAGED BUT NOT MANICURED

RED ISSUES: Requests for action

We would like to ask if progress has been made in:

- obtaining a general statement about whether or not Streetscene are managing the Wildlife Improvement Area 3 this year; and
- contacting EDDC officials to provide a list of approved contractors to work at the Cemetery – with the understanding that EDDC would undertake the contracting and CSC would pay for these services from its STC and other grants

GREEN: Points of interest

We would like to thank Cllr Ian Barlow for attending a meeting at Sidmouth Cemetery and actioning an ecologist, in response to the discussion at the STC Environment Cttee meeting in December.

Thank you.
